Alumni (PG) : **P.Ezhilarasan, R.Hariharakrishnan**
Student Rep. : **S.Moses Daniel, Donovan Michael Jeremiah, Chandan S.J., Nelson M.J.**

The welcome address was given by the Chairman. The following suggestions were made by the board members.

- Web resources are to be added.
- Recent publications are to be indicated for textbooks.
- Practical exercises are to be generalized.
- In PG, Research Methodology can be added as an elective paper. Neural networks elective has to be removed.
- Big data analytics could be added as Major core.
- In cloud computing, topics about top 3 cloud companies Amazon, Azure and Salesforce is to be included.
- Internet of Things (IoT) paper (Theory and Lab) can be included.
- Case studies should be included as one unit in relevant papers like Operating systems.
- Grid computing paper can be removed.
- BCA curriculum should be differentiated from BSc. More application oriented papers should be added in BCA.
- BCA curriculum can have papers like Statistics, Inventory Management system, PERT/CPM Handling, Operations Research, Basic Accounting, Principles of Management.
- Source Code Management paper is to be added in BCA curriculum.
- Instead of Information security, the title can be "Security in Information Technology" for BSc.
- In Software testing paper, Code coverage topic is to be included.
- Programming in Java Lab can have some exercises related to Data structures.
- Corporate Social Responsibility is to be included in Software Project Management Paper.
- Visual Programming offered to BCA should be shifted to BSc.
- Web Programming offered to BSc should be shifted to BCA as Web Application Programming.

The chairman proposed the vote of thanks for the valuable suggestions offered by the subject experts and the industry representative.
