The Loyola Prolife Forum organized an awareness programme on Smoke Free Campaign 12th January 2017 at Chindadripet to create awareness about plastic free Bhogi among the people. Our students actively involved themselves in Smoke Free Bhogi Campaign. They spoke to the people about the importance of plastic free bhogi by giving some pamphlets. They advised the people that when plastic is burned, it releases dangerous chemicals such as hydrochloric acid, sulfur dioxide, dioxins, furans and heavy metals, as well as particulates and it affects the respiratory system and human immune system.
