Description of the Issue:

The following students made a prank call to another student and that resulted in a fistfight between students. The fight created commotion in the campus and the students had set a bad precedent for others. The management took the issue seriously and gave an opportunity for the students to defend themselves before the disciplinary committee.

As the committee found their explanation dissatisfactory, the above-mentioned students were placed under suspension from August 30, 2017 to September 7, 2017. The students were given a stern warning not to repeat any such behavior in future. The objective of the suspension was not to victimize the students, but to sensitize them on the importance of public order and self-discipline.
